

A Closer Look at Text-Dependent Analysis

This 3-credit, asynchronous, on-line course is designed to provide teachers in Grades 4-8 with an in-depth examination of TDA prompts. The PA Core Standards identify text-dependent analysis as the ability to “draw evidence from literary or informational texts to support analysis, reflection, and / or research.” The Pennsylvania Core Standards for reading strongly focus on a student’s ability to gather evidence, knowledge, and insight from what he reads.

Participants will:

- Engage in class discussions related to selected course material
- Participate in a Professional Learning Community
- Analyze texts using the PA Standards
- Respond to and create high quality Text Dependent Analysis questions
- Explore ways to engage students in successfully responding to Text Dependent Analysis questions
- Locate, share, and critique resources and content
