## Are you a teacher pursuing your permanent certification? Or are you a teacher pursuing a Master's Equivalency or Act 48 credits?

If so, NEIU's Continuing Professional Education (CPE) courses are one way you can satisfy these requirements. CPE courses are fairly inexpensive. NEIU CPE 3 credit graduate courses cost \$315.00 with the **exception of the ESL program.**

CPE courses offered have been approved by the Pennsylvania Department of Education (PDE) for CPE graduate credits. You may use CPE graduate level courses for permanent certification or Act 48. For a master's equivalency, up to 18 credits may come from the CPE graduate level courses. At least 18 of the 36 required credits for a Master's Equivalency **MUST** be content specific to the subjects you teach under your certification. Individuals should check local school district policy if they wish to use CPE credits for purposes other than those outlined by the PDE.

- Safe Schools ~ an Overview (This is a prerequisite to Safe Schools ~ Next Steps)

### Fall 2022 (Online Courses)

**September 7, 2022-October 16, 2022**

- A Closer Look at Text Dependent Analysis
- Autism: From the Beginning
- Bullying in School ~ Next Steps (Bullying in School ~ What Now? is a prerequisite)
- Internet Safety in the Digital Era
- Positive Behavior Support for Students with Autism
- Project Based Learning: Creating Authentic Learning Experiences
- Safe Schools ~ Next Steps (Safe Schools: An Overview is a prerequisite)

### NEIU Arts Alive Institute

**July 2022**
